

Reminder: Important information about changes to your TD Business Travel Visa* Card, starting April 30, 2025.

We're making changes to the TD Business Travel Visa* Card, which will impact your enclosed Card. We want to help you clearly understand these changes.

Here's what's changing:

Effective from the first day of your statement period beginning in April 2025 and reflected on your May 2025 statement:

- The terms around what happens to your annual interest rates due to missed minimum payments and how to revert to your regular annual interest rates will change.

Starting on April 30, 2025:

- We will increase the maximum fee for a promotional Balance Transfer. If you receive an offer, we will tell you the exact promotional Balance Transfer fee that will apply.
- We will apply a Credit Balance Administration Fee if there is a credit Balance on your Account and there has been no credit or debit activity on your Account for 12 consecutive billing cycles.
- We will change the Cash Advance Transaction fee, including how and under what circumstances we charge it.
- We will decrease the Dishonoured Payment Charge.
- You will earn more TD Rewards Points for these eligible Purchases:
 - Public Transit, such as commuter subway, bus, railway, and ferries.
 - Streaming, Digital Gaming & Media, such as cable and other streaming services, digital gaming and in-game purchases, digital applications, and digital music, e-books, and other media.
 - Drinking Places, such as bars, nightclubs, and cocktail lounges.
 - Electric Vehicle Charging.

On the following charts, you'll see these changes explained in detail, along with tips that can help you manage their impact. Please read this information carefully and keep it for future reference.

Please continue to use your existing Card and the changes will take effect automatically on the dates indicated above or in the comparison charts below. There's nothing you need to do.

Here's what stays the same:

- There's no change to the value of your TD Rewards Points.
- Your Card number, PIN and credit limit will remain the same, and there will be no change to your statement date.
- There's no change to any regularly recurring bill payments set up on your Card (such as Internet or phone bills).
- There's no change to any automated payments that have been previously set up on your chequing or savings account to pay your Card balance.
- There's no change to the benefits and features included with your Card.

IMPORTANT:

Enclosed is a copy of your current Cardholder Agreement and the Explanation of Changes document that details the specific sections of the Cardholder Agreement that we are changing. Please ensure that you keep both documents together in a safe place.

Here are the details of the changes to the Disclosure Statement for your TD Credit Card.

Effective from the first day of your Statement Period beginning in April 2025 and reflected on your May 2025 statement, the "Interest" section of your Disclosure Statement will be amended as shown under the "New" column below:

What's changing	Current	New	Tips to help minimize the impact of this change
Grace Period and Interest	<p>If we do not receive the Minimum Payment within 30 days from the Payment Due Date shown on your statement, then:</p> <p>(a) The annual interest rate(s) that applies to the Account will go up by 5% and will instead be calculated at an annual rate of 24.99% on Purchases and 27.99% on Cash Advances. The equivalent daily interest rate for 24.99% is 0.068466% and for 27.99% is 0.076685% which is the annual rate of 24.99% and 27.99%, as applicable, divided by 365. During a leap year, the equivalent daily interest rate(s) is the annual rate(s) divided by 366.</p> <p>(b) You will lose the benefit of any lower rate promotional offer on the Account (including any offer made but not yet accepted by you).</p> <p>The increased rate(s) will apply starting on the first day of your next statement period after the 30-day period from the missed payment. You will continue to pay these higher interest rate(s) of 24.99% or 27.99%, as applicable, until you have paid the Minimum Payment on or before the Payment Due Date shown on your statement for two consecutive statements and then, your regular annual interest rate(s) of 19.99% on Purchases or 22.99% on Cash Advances, as applicable, will apply starting on the first day of your next statement period after those two consecutive statements.</p>	<p>If we do not receive the Minimum Payment by the Payment Due Date shown on your statement, you will lose the benefit of any lower rate promotional offer on the Account (including any offer made but not yet accepted by you).</p> <p>If we do not receive the Minimum Payment by the Payment Due Date shown on your statement or by the last day of your statement period, twice within 12 consecutive statement periods, then the annual interest rate(s) that applies to the Account will instead be calculated at an annual rate of 24.99% on Purchases and 27.99% on Cash Advances.</p> <p>The increased rate(s) will apply starting on the first day of your next statement period after you miss making the second minimum payment on time. You will continue to pay these higher interest rate(s) until you have paid the Minimum Payment on or before the Payment Due Date shown on your statement for six consecutive statements and then, your regular annual interest rate(s) will apply starting on the first day of your next statement period after those six consecutive statements.</p>	<p>Pay your full minimum payment amount by the Payment Due Date.</p> <p>To avoid increased interest rates due to missed credit card payments:</p> <ul style="list-style-type: none"> You can ensure you never miss a payment by setting up pre-authorized debits from your bank account. Set up a calendar alert reminding you to make your payment by the Payment Due Date.

Starting April 30, 2025, the "Other Fees/Charges" section of your Disclosure Statement will be amended as shown under the "New" column below:

What's changing	Current	New	Tips to help minimize the impact of this change
Cash Advance Transaction Fees	A fee of 1% of the amount of the Cash Advance for each Cash Advance transaction made in Canada (minimum fee of \$3.50 up to a maximum fee of \$10.00), or a fee of \$5.00, will be charged to the Account for each Cash Advance Transaction outside Canada. The Cash Advance Transaction Fee includes Cash Advances at ATMs (including Green Machine® ATMs), at branches of the Bank, over the phone, on the Internet, or at other financial institutions but does not include Balance Transfers and TD Visa Cheques. If you use your Card to obtain a Cash Advance at an ATM in the PLUS* network, the fee of 1% of the Cash Advance transaction (minimum fee of \$3.50 up to a maximum fee of \$10.00) (for Cash Advance Transactions in Canada) or \$5.00 (for Cash Advance Transactions outside Canada) and an additional fee of \$3.00 will be charged to the Account. Other ATM operators may charge a fee which will be added to the amount of the Cash Advance.	A fee of 1% of the amount of the Cash Advance for each Cash Advance Transaction (minimum fee of \$3.50 up to a maximum fee of \$10.00). Cash Advance Transaction Fees apply to Cash Advances at any ATM, over the counter, over the phone, online, and to all Cash-Like Transactions charged to the Account. Cash Advance Transaction Fees do not apply to Balance Transfers. Other ATM operators may charge a fee which will be added to the amount of the Cash Advance.	This fee change will only affect customers who make Cash Advance Transactions. Interest and fees apply. Instead, consider using your TD Access Card or bank account for access to cash.
Dishonoured Payment Charge	A charge of \$48.00 will be charged to the Account each time that: (i) for any reason, your financial institution (including the Bank) returns a cheque or refuses a pre-authorized debit used to make a payment to the Account; or (ii) a TD Visa Cheque is returned by the Bank when presented for payment because you have exceeded your Available Credit.	We will charge \$10.00 each time that: (i) for any reason, your financial institution (including the Bank) returns a cheque; or (ii) refuses a pre-authorized debit used to make a payment to the Account.	This fee is decreasing. However, you can avoid it altogether by regularly monitoring your bank account(s) to ensure sufficient funds are available for upcoming payments or Pre-Authorized Debits (PADs). Setting up alerts on your bank account can help you monitor your balances.
Promotional Balance Transfer	3% of the amount of each Balance Transfer or TD Visa Cheque that we may offer to you at a promotional interest rate which is an interest rate lower than the regular annual interest rate that applies to Cash Advances on your Account. The Bank may waive or lower this 3% fee at the time the promotional interest rate offer is made to you. You will be advised of the exact fee that applies at the time the offer is made.	We charge up to 5% on a Promotional Balance Transfer amount. We will tell you the exact promotional Balance Transfer fee that applies when we make the offer.	
Credit Balance Administration Fee	Not applicable	If your Account has a credit Balance, we will charge the lesser of \$10 or the full Credit Balance amount if there has been no credit or debit activity on the Account for 12 consecutive billing cycles.	A credit Balance will appear on your statement as a negative balance. To avoid the Credit Balance Administration Fee, you can continue to use the Account or contact us to refund the credit Balance.
